Nunavut Trust Executive and Staff

INTRODUCTION

The year 1992 was a busy and positive year for the Inuit land claims process. The boundary plebiscite held May 4th resulted in a positive vote for division of the Northwest Territories and the creation of Nunavut. On November 3, 4, and 5, the Inuit of the Northwest Territories voted yes to ratifying the land claims agreement. The next step is to have Cabinet approve the Final Agreement and to have legislation passed through Parliament. Upon signing of the Final Agreement by TFN and government, the Nunavut Trust will receive the first payment of \$54 million in compensation monies.

Upon reaching an Agreement-in-Principle in 1990, an initial payment of \$3 million in land claims compensation monies was paid out by the Federal Government. The Nunavut Trust received \$2 million of this amount for investment purposes and the Tungavik Federation of Nunavut received \$1 million which helped defray the costs of the boundary plebiscite and the ratification vote.

Upon signing of the Final Agreement, the Nunavut Trust expects to receive, over a period of approximately 14 years, the remaining \$577 million (1989) dollars, in addition to any royalties generated from resource development on government lands.

The Nunavut Trust continues to invest the funds received from Government in a wise and prudent manner and, in these volatile economic times, has seen a good return on its investments in 1992.

As 1993 promises to be the year in which the Final Land Claims Agreement will come into effect, Inuit can look forward to taking charge of their destiny and a bright economic future. The Nunavut Trust looks forward to being a part of that future.

NUNAVUT TRUST

As Canada's economy continued to be sluggish in 1992, the Trust continued its conservative investment approach of investing in long term, low risk, provincial and municipal government and corporate bonds. This investment strategy has proven to be the right one, as the bond market continued to be strong in 1992 and the rate of return to be high.

As an investment institution, the Trust does not have the power to spend the income made from its investments. This is the responsibility of the "Beneficiary Corporation" a separate organization identified in the Trust Deed creating the Trust.

APPOINTMENT OF TRUSTEES

The Trust has a Board of Trustees consisting of six persons (2 Trustees from each region) appointed by the Regional Inuit Associations.

In May, Charlie Lyall and Pauloosie Panilo were reappointed for a three year term by their respective regions, Kitikmeot and Baffin.

At the Trustees meeting in August, Paul Quassa, Trustee for Baffin, was elected Chairperson and Charlie Lyall, Trustee for Kitikmeot, was elected Vice-Chairperson. My Nguyen was reappointed as Treasurer and Julia Ciok was reappointed as Secretary for a term of one year.

As of December 31, 1992, the Trustees who sit on the Board of the Nunavut Trust are:

- Paul Quassa
Chairperson & Baffin Region Trustee
* reappointed in May 1991, for a 3 year term
- Charlie Lyall
Vice-Chairperson & Kitikmeot Region Trustee
* reappointed in May 1992, for a 3 year term
- Yvo Airut
Keewatin Region Trustee
* Donat Milortuk was reappointed in April of 1991 for a 3 year term. Yvo Airut replaced Mr. Milortuk in June, 1991, for the remainder of the term (photo unavailable).
- Peter Kritaqlilik
Keewatin Region Trustee
* 3 year term up in May, 1993
- Jack Kupeuna
Kitikmeot Region Trustee
* 3 year term up in May, 1993
- Pauloosie Paniloo
Baffin Region Trustee
*reappointed in May, 1992, for a 3 year term

TRUSTEES' MEETINGS

There were four Trustees' meetings held in 1992. These meetings dealt with administrative matters, the review of investments made by the investment counsel, P.J. Doherty & Associates, and the development of investment policies and guidelines.

At its meeting in December, the Trust met with the Investment Advisory Committee for the first time and discussed the preparation of investment guidelines and the role of the Investment Advisory Committee. In addition to the regular meetings, the Trustees held a planning workshop in August establishing the general role of the Trust within the land claims settlement.

INVESTMENTS AND INVESTMENT COUNSEL

J.P. Doherty and Associates, as investment counsel to the Trust, are responsible for investing the capital for the Trustees. In future, the Trust plans to hire a number of investment counsels to invest the growing capital.

The majority of the funds are invested in a bond portfolio as the Nunavut Trust continues its strategy of investing in very secure, low risk, securities. The market value of investments as of Dec. 30, 1992, is \$2,854,117.00. The investment portfolio includes a mix of Government Bonds, Corporate Bonds and a GIC issued by a major Canadian Bank. The portfolio weight of each class is shown in the pie chart (below). A detailed list of investments made by the Trust is attached to this report as Appendix "A".

Although bonds are not always the best performing investment vehicle they were unusually attractive in 1992 as interest rates declined. Having the Trust's funds invested in bonds produced a rate of return of 10.3% in 1992. This return was better than the 1992 average return produced by all bond and mortgage funds reported in the Financial Times Mutual Fund Report. The return was also better than the 9.8% return produced by the Scotia McLeod Universe Bond Index.

FINANCIAL STATEMENT

As of the end of the fiscal year, the Trust's interest income on the invested capital was \$318,824.00. The expenses of the Trust, including travel, accommodations, honoraria were \$206,382, leaving the income, after expenses, at \$112,442.00.

NUNAVUT TRUST'S AUDITOR AND FINANCIAL INSTITUTION

Peat Marwick Thorne is the auditor of the Trust. Their 1992 audited report is attached as Appendix "B".

Canada Trust acts as our agent to hold and administer the monies paid by government to the Trust. They hold the funds until P.J. Doherty and Associates, our investment counsel, invests them. Canada Trust also holds the securities owned by Nunavut Trust and reports market values on a monthly basis.

**Investment Returns
Years ended 31 December**

CURRENT AND FUTURE ACTIVITIES

(a) Ratification of Land Claims Agreement - TFN Ratification Tour

On November 3rd, 4th and 5th, Inuit overwhelmingly voted yes to the agreement reached between the federal government and Inuit on the settlement of land claims. The Tungavik Federation of Nunavut conducted a ratification tour to the communities holding public meetings to explain the provisions of the land claim agreement. The Chairperson and Vice-Chairperson of the Nunavut Trust took part in the ratification tour to explain the role of the Trust within the land claim.

(b) Policy Workshop

The Board of Trustees held a two-day planning meeting in Yellowknife in August. The purpose of the workshop was to provide an opportunity for the Board of Trustees to plan how they can most effectively carry out the role of the Trust within the land claims settlement. The workshop produced a set of common goals amongst the Trustees and clarified future directions for investment and organizational development.

(c) Investment Advisory Committee

The first meeting of the Trustees and the Investment Advisory Committee took place during the December meeting of the Trust.

The Chief Administrative Officer who would be joining Nunavut Trust in January, 1993, made a presentation to the Investment Advisory Committee on the process and schedule for the production of an investment policy. The investment policy would include a Statement of Investment Policy and Goals, Internal Operational Guidelines and a general Investment Manager Mandate. Implementation of the plan is proceeding in 1993.

(d) Elders Pension Trust

An Elders Pension Trust is to be created and registered as a charity once monies are in place to fund the plan. Investment of funds for the Elders Pension Trust will

be done by the Nunavut Trust but the administration and payment of pensions will be carried out by the Nunavut Tungavik Inc. The Elders Pension Trust will be a beneficiary of the Nunavut Trust with the Trustees of the Nunavut Trust acting as Trustees of the Elders Pension Plan.

(e) Wildlife Hunter Income Support Program

The Government of the Northwest Territories will be contributing \$15 million over 5 years to a Wildlife Hunter Income Support Program (WHISP). Nunavut Tungavik Inc. is to match those contributions over the same period of time. The funds for the WHISP will be invested and administered by the Nunavut Trust and Nunavut Tungavik Inc. will provide for the administration and payment of benefits once the program is in place.

ORGANIZATIONAL CHANGES SINCE YEAR END

- In January 1993, Andy Campbell joined the Nunavut Trust as Chief Administrative Officer.
- Charlie Lyall was made Interim Chairperson in March 1993 when Paul Quassa resigned from the Chair upon being elected President of Nunavut Tungavik Inc. Mr Quassa still sits on the Board as Baffin Trustee.
- In April 1993, Tagak Curley was appointed by the Keewatin Inuit Association to replace Yvo Airut as a Keewatin Trustee.
- In May 1993, Mark Evaluardjuk was appointed by the Baffin Region Inuit Association to replace Pauloosie Paniloo as a Baffin Trustee.

CONCLUSION

On behalf of the Board of Trustees for the Nunavut Trust, I wish to express our appreciation for the privilege of being a part of this important and historic time for Inuit in Nunavut. We look forward to a bright and happy future for our children.

Paul Quassa, Chairperson
Nunavut Trust

Financial Statements of

NUNAVUT TRUST

Year Ended December 31, 1992

AUDITORS' REPORT TO THE TRUSTEES

We have audited the balance sheet of Nunavut Trust as at December 31, 1992 and the statements of revenue, expenditure and capital and changes in financial position for the year then ended. These financial statements are the responsibility of the Trust's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the Trust as at December 31, 1992 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles.

NUNAVUT TRUST*Notes to Financial Statements*

Year ended December 31, 1992

The Trust was created on April 23, 1990 by deed of trust.

The purpose of the Trust is to manage capital transfers paid to the Inuit of Nunavut pursuant to negotiations with the Government of Canada concerning aboriginal rights in the eastern and central parts of the Northwest Territories.

1. Significant accounting policies:

(a) Fixed assets:

Fixed assets are stated at cost. Depreciation is provided using the following annual rates and basis:

Asset	Basis	Rate
Office equipment	Declining balance	20%
Automobile	Declining balance	30%

(b) Treasury bill:

Treasury bills are recorded at cost. Interest is accrued as earned.

(c) Bonds and debentures:

Bond and debentures are carried at cost. Interest is accrued as earned.

2. Cash and treasury bills:

	1992	1991
Cash	\$ 158,487	\$ 30,930
Treasury bill	19,397	379,872
	\$ 177,884	\$ 410,802

3. Investments:

Whereas the investments are stated at cost in the balance sheet, the market value of these investments as at December 31, is as follows:

	1992	1991
Provincial and guaranteed	\$1,804,392	\$1,679,500
Corporate non-convertible	647,625	598,785
Municipal bonds	301,500	569,375
Bank and trust G.I.C.s	100,600	50,375
	\$2,854,117	\$2,898,035

4. Loan receivable and loan payable:

The Trust borrowed \$300,000 from Nunasi Corporation. The funds are to be repaid by September 30, 1993 with interest at the rate of 6% per annum. The Trust loaned \$300,000 to Tungavik Federation of Nunavut (TFN). TFN is to pay the funds on the earlier of ninety days after ratification of the TFN land claim settlement or September 30, 1993 with interest at the rate of 7% per annum.

5. Equipment:

	1992		1991	
	Cost	Accumulated depreciation	Net book value	Net book value
Office equipment	\$ 5,230	\$ 1,423	\$ 3,807	\$ 3,471
Automobile	36,942	14,962	21,980	31,401
	\$42,172	\$16,385	\$25,787	\$34,872

6. Due to beneficiary:

Pursuant to the trust agreement, net income of the Trust as defined by the agreement is to be distributed to the beneficiary prior to the end of the year, unless otherwise directed.
